## Hand Held Wash Equipment

### TWO STEP COLD WATER TRUCK WASHING

**Largo Two Step Cleaning Systems** are specifically designed to Wash Trucks, Buses, and Rolling Stock. Remove Road Film, Bugs, Diesel Smoke and other contaminants from vehicle surfaces using Cold Water while Brightening Aluminum Rails. Why spend \$8 - \$10.00 per hour to heat water if you can clean better with Cold! Precise chemical injection under full pressure cleans faster and controls cost. One man has the complete control to start, stop, or to immediately turn either of the two chemicals on or off from 100 to 200 feet away. There is no chemical waste and no better way to clean vehicles!

### ELECTRIC COLD WATER

**Largo's Cold Water Cabinet Style Pressure Washers** feature dependable Baldor Electric Motors and Cat High Performance Pumps. These Units are ideal for use in Car Washes, Nursing Homes, Restaurants, Meat Markets, Grocery Stores, Kennels, and many other locations. Available with stands, wall mounts or 4 wheel carts and optional All Stainless Steel Frames and Frame Accessories. Trigger Gun Control Wands are ready to work or simply release the trigger gun and shut the unit down. Available with safe 24VA-Controls and optional Remote Boxes for use in Multiple Areas.

### PORTABLE OIL FIRED HOT WATER ELECTRIC

**Largo Tomcats** claw their way through Oil, Grease, Road Film, Dirt and Grime on Tractors, Combines, Trucks, Trailers, Skidders, Fork Lifts, Boats and Heavy Equipment. Made tuff, dependable, and durable. Great Add On's like Time Delay Shutdown, Remote Control Boxes, Soap Solenoids, Solid Tires and Down Stream Soap insures Largo Tomcats take care of business. The business of keeping things cleaner.

### STATIONARY GAS FIRED HOT WATER ELECTRIC

**Largo EHD Painted Hot Water Stationary Systems** are the preferred choice in a Cleaning System. These Units last for years and provide dependable proven service in food service, trucking, farm, pork production, heavy equipment shops and maintenance facilities. These units can be equipped with numerous options like Remote Cleaning Stations, Clutch Driven Pumps, Soap Solenoids, Steam Combo, Multi-Gun Units, Variable Pressure Wand and Foam Lances. Burner options include LP, NG or Oil Fired.

### GAS AND DIESEL ENGINE SKIDS

**Largo Skids** have been a favorite for over 30 years. With Power packed options for Engines, Pumps and other Components, we can configure this system to easily meet your cleaning requirements. These units feature accessible components for quick and efficient repairs which is a unique Largo feature. Put this time proven work horse to work for you! Available with Vanguard, Honda, Kohler and Kohler Diesel Engines along with General, Cat or Comet Pumps. Beckett Burners with Genysis Burner Controls are the standard for all our Skids.

## DRIVE THRU AUTOMATICS AND DETERGENTS

### LARGO DRIVE THRU TRUCK WASHING SYSTEMS

Largo can custom build a low maintenance Automatic Drive Thru System for most any large vehicle application. Whether you require a touchless high pressure system or side brush system we can provide all the working parts and install it at your location.

Our standard Arches and Brush Towers are manufactured in our plant using 2" 11 Ga. Steel then HDG (Hot Dipped Galvanized) to provide years of service. We do have optional all stainless arches and towers if preferred.

Our Power Modules include TEFC Baldor Motors, Run Dry Pumps with directional valves for both high pressure undercarriage and final rinse.

Our 6" Guide Rails are Powder Coated in Safety Yellow for easy visibility and durability.

Our Detergent System provides 4 Steps for easy vehicle cleaning and protection.

Step 1: Safe Brightener - No issues with Glass, Polished Aluminum, decals or paint.

Step 2. Presoak - Detergent application.

Step 3: (Optional) Brush Shampoo - Lubricates Brushes, cleans and adds shine to trailers.

Step 4: (Optional) Undercarriage Rust Protection. Applied to the undercarriage as the vehicle exits the wash bay. Provides long term rust protection to underbelly of vehicles.

Our Detergent Module includes accurate detergent injection for up to four products. Simply no waste with this application. Easy and simple to maintain, minimal maintenance.

Our Control Module features the most up to date yet simple design. Emergency Stop, Wash Count, and fail safe are provided. Pace/Traffic Lights are optional.

Our optional side brush units include 60" Brushes, Extreme Duty Gearboxes and Baldor TEFC Motors turning on Timken Bearings. The side brushes are adjustable both in height and width.

Curtains protect surrounding areas around the brushes keeping detergents from coating walls and other equipment that may be in close proximity to the brush arch.

### ENVIROMENTALLY FRIENDLY DETERGENTS

Largo Cleaning Systems manufactures safe professional strength fleet washing detergents and brighteners for touchless Two Steps, Automated Systems, Drive Thru's, and hand held cleaning systems. Our truck wash experts can help you clean better faster. If you are a truck owner in charge of a large vehicle fleet, municipal fleet or a single truck owner we know how to get your vehicles clean. Professional equipment and professional detergents, a professional staff along with our well trained service personnel we are ready.

### PROFESSIONAL SERVICE AND IN STOCK PARTS

Largo Service personnel are professional technicians who know how to repair our equipment. We maintain the parts inventory to insure we can always fix the problem. Our techs are available either on site or by phone to assist with any issue that might pop up. While we work very hard to insure that our equipment is top notch, the gremlins always find ways to disrupt a good day. Be assured we are ready when they do.
