

TWO STEP COLD WATER SKIDS - GAS ENGINE

Largo Two Step Cleaning Systems are specifically designed to Wash Trucks, Buses, and Rolling Stock. Remove Road Film, Bugs, Diesel Smoke and other contaminants from vehicle surfaces using Cold Water while Brightening Aluminum Rails. Why spend \$10.00 per hour to heat water if you can clean better with Cold! Precise chemical injection under full pressure cleans faster and controls cost. One man has the complete control to start, stop, or to immediately turn either of the two chemicals on or off from 100' to 200' away. There is no chemical waste and no better way to clean vehicles!

STANDARD FEATURES:

- Belt Driven CAT Pump
- Hour Meter
